Expert Range: Folding Doors

Autumn UK folding doors have been the industry benchmark for over 32 years. We proudly source and manufacture our products within the UK and use the finest 6063 grade aluminium to deliver outstanding performance. We also use PETG given its shatterproof qualities to deliver optimum safety for the user.

Our folding doors are feature laden for your benefit.

360 degree full length interlocking meshing seals allow the doors to be folded in any direction

Three stage seal ensures a compression fit to optimise performance

Door marking jig with built in spirit levels: facilitates optimum drilling and alignment points for perfect installation

Patented cove profiles to ensure best fit

Bespoke, comprehensive fitting kit containing all components

Transit clip to reduce risk of damage during carriage

An Autumn UK fitting kit is supplied, free of charge, with every door set.

Autumn UK manufacture bespoke shower doors to fit any shower tray in the market place.

Order before noon for **next day delivery** on all shower doors.

Expert Range:

Advantage Door Option

Occasionally clients may experience difficulties opening traditional shower doors. Autumn's Advantage option is a free add-on to folding and sliding doors, which eradicates door seal maintenance and ensures they are easy to open.

The benefits

Advantage doors incorporate a unique air assisted hinge, operated by a small lever that lifts the door clear of the floor. This provides a smooth operation and prolongs the life of the seal. Once closed, a gentle push down secures the door in position and provides an effective seal.

For the Advantage option please state when placing your order.

How to operate an Advantage door

1

Push the lever to release the Advantage door.

2

The door lifts 20mm off the floor to allow it to swing away.

3

To reset the door, push down as indicated.

Floor Formers

Floor formers supplied by Autumn UK feature a rotating 360 degrees drain plate to help avoid underfloor obstructions. Manufactured using glass content SMC, the former is able to withstand up to 300kg (47 stone) without the need for under boarding. The eccentric drain also features three locating rings to provide enhanced engagement between the former and the rotating drain plate.

The former is consistently of 22mm depth around the perimeter and can be trimmed anywhere up to the solid surround with a standard handsaw and can be fitted on wood and concrete floors.

Sizes available

900mm x 900mm

1000mm x 1000mm

1200mm x 750mm

1300mm x 800mm

1400mm x 900mm

1200mm x 1200mm

1750mm x 750mm

1850mm x 900mm

Shower Trays

All shower trays supplied by Autumn UK are tested to **DIM 51097:1992**.
Their features include:

- ✓ 35mm high and fully supported
- ✓ CNC machined MDF core to maintain size and consistency
- ✓ 50mm perimeter laid to a minimum 1mm fall to encourage water to flow to the drainage zone
- ✓ Can support weight of 250KG polyester gel coat
- ✓ Available in both left-hand and right-hand configurations
- ✓ Supplied with flexible self-adhesive tiling upstand

Sizes available

900mm x 900mm

1000mm x 1000mm

1200mm x 750mm

1300mm x 800mm

Pumps

Common functions on all Autumn UK's pumps

- Manufactured in the UK
- Removes waste water where connection to the soil stack is not possible or where gravity fall is not available.
- Led display and diagnostic system
- Automatically activates when the shower is used
- Low voltage transformer conforms to EN60742
- Available for left and right hand water feed
- Self priming pump in an IP rated box
- De-puddling cycle: pump turns on for a 20 second period, 15 min after shower is turned off

Our range

Dual

- Maximum 16 litres per minute (additional flow sensor kit is required when installing with a mixer valve shower)
- Adjustable over run time. 30, 60 & 90 seconds
- Two-speed settings for electric & mixer showers

Compact

Has the same features as the Dual with the added functionality of;

- Conveniently designed to fit in the smallest of spaces
- Separate transformer for flexible installation

Tru Shower Cubicle

Autumn UK's innovative and easy to install cubicles enable a person to adapt their property quickly.

It's ideal for clients and families who do not want to adapt their bathroom to a permanent wet floor. The cubicles can also be relocated and recycled.

The Tru Cubicles have a watertight seal thanks to Autumn UK's unique Advantage screen option.

Features include:

- ✓ 1200 x 1000 x 75mm Shower Tray
- ✓ 3 sided high pressure laminate back and sides
- ✓ Advantage air assisted doors
- ✓ Two LED roof lights
- ✓ Extractor Fan
- ✓ Whale shower pump
- ✓ Grab rail
- ✓ Curtain & curtain rail
- ✓ Shower seat
- ✓ Mira electric shower unit
- ✓ 1200 x 460 x 75mm ramp available
- ✓ Can be fitted in 48 hours

Tru Shower Toilet Cubicle

Autumn UK's shower toilet cubicles provide complete showering and toileting facilities all-in-one.

They provide a watertight showering enclosure with the added WC and hand basin to enhance personal care.

Can be a temporary or a permanent installation.

Features include:

- ✓ 1200 x 1000 x 75mm Shower Tray
- ✓ 3 sided high pressure laminate back and sides
- ✓ Advantage air assisted doors
- ✓ Two LED roof lights
- ✓ Extractor Fan
- ✓ Whale shower pump
- ✓ Grab rail
- ✓ Curtain & curtain rail
- ✓ Mira electric shower unit
- ✓ 1200 x 460 x 75mm ramp available
- ✓ Wash hand basin complete (with taps)
- ✓ Wall fitted toilet
- ✓ Toilet seat
- ✓ Cistern
- ✓ Macerator
- ✓ Can be fitted in 48 hours

Please Note: The Tru Shower Toilet Cubicle requires an additional area of 400mm to house cistern, waste and if required a macerator.
